

1990 Island Packet Cutter

Boat Type: Cutter

Address: Cambridge, MD, US

Price: \$69,000

OVERVIEW

'South Wind' is one of the ever popular Bob Johnson design. Built from 1990 to 1995, this super cruiser has the feel and space of a much larger vessel. With accommodations to sleep 7, standing headroom throughout, enormous storage, and shallow 4'3" draft, this well built vessel is an ideal coastal cruiser. With a modified full keel and a large keel supported rudder, Island Packets are known for their sea-kindly motion and their ability to handle a seaway when the seas pipe up.

'South Wind' has been very well maintained by her owner and is equipped to take you sailing to whatever destination you may choose. Don't miss this opportunity to own a truly classic yacht!

New water tank in 2013.
